

build up families.

future homeowners

[the farmer family]

"I wanted a place so my daughter would not have to move around."

-SeAnne Farmer

SeAnne Farmer has always lived in a rental home. She and her Mom moved around a lot when she was growing up. When she learned about Habitat for Humanity, she decided to look into the program and see if it would work for her and her daughter.

build on faith. build up families. build community together.
