

women build

Dates to be announced

What is Women Build?

Women Build is an event where women devote at least one day to help Habitat families build strength, stability, and independence through housing. Women empower women by fundraising, framing, painting, landscaping, and much more!

Team Leader Responsibilities:

Recruit Team Members

Teams typically have a total of five members; one team leader + four team members. Make a list of 10 to 15 ladies to invite to join your team. (Friends, family, colleagues, etc.)

Fundraise

Teams now have the opportunity to help sponsor homes! We are encouraging every team member to raise \$200, with a team goal of \$2,000. It's not a requirement, but we'd love for you to give it a shot! We will come alongside you to help with tools and encouragement!

Be a Cheerleader

Check in with your team and offer encouragement regularly. Fundraising and volunteering can bring with it challenges even for the bravest women.

Stay in Touch

We want to encourage your team members on a regular basis so it's important to include their email addresses when signing up your team. Your members will love to hear from you too!

Help Us Stay Organized

Team leaders often know someone who is willing to lead a devotional to start the day, pray for lunch, and those who love to cook. We are asking for your help in assisting us in organizing these tasks.
