future homeowners

[the work family]

“This house and everything I’ve done is all about Josh.” -Monica Work

Monica Work and her son Josh live in a small apartment. It’s not in the best part of town, they have no yard, no front porch and when they get home in the evening Josh goes straight to his room. Josh has cerebral palsy and is wheelchair bound. “It’s almost impossible to get his wheelchair in and out of the apartment,” says Monica.

build on faith. build up families. build community together.
